THE WAIT IS OVER.

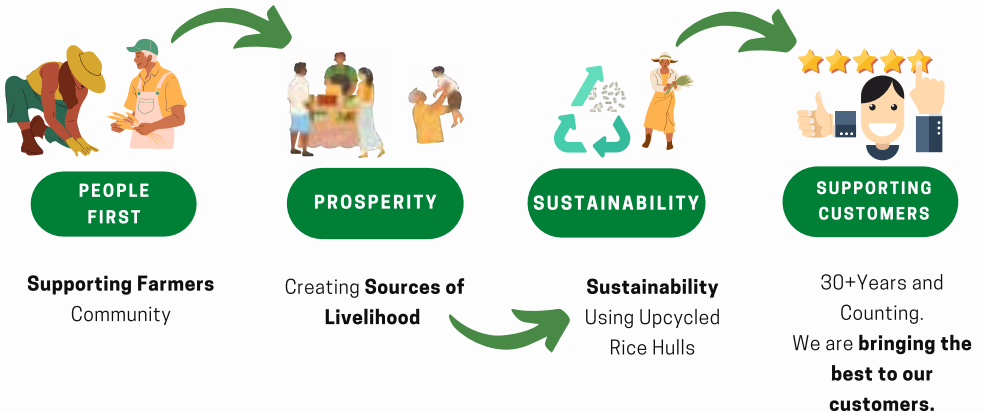

FROGBOARDTM IS HERE !

Frogboard is a revolutionary product made up of upcycled rice hulls that make it durable, strong, water-resistant, sustainable, and indistinguishable from natural wood.

FROGBOARD is **easy to handle and install**. It can be effortlessly processed with standard woodworking tools and accepts screws and nails readily with a flush finish. With its **thermoformable** quality, it is a perfect fit for curved applications as well.

- Limited Lifetime Warranty
- Water-Resistant
- Stain or Paint
- Wide range of Usage
- Sustainable
- Thermoformable

Sustainable | Zero-waste | 100% Recyclable

Chris Lindo is working with Brenlo for the last 20 years, and he has been part of our fantastic growth journey ever since.

In the beginning, he contributed to Brenlo's assembly line. Today, he is one of the critical members of our custom shop. He specializes in trending vertical arches and helps us create incredible curved crown mouldings, backbands, panel molding, and more.

He is a quality fanatic who continues to check and ensure that every product he creates, meets Brenlo quality and standards.

One thing that keeps him lively is his little daughter's smile.

Our manufacturing ability is our foundation, and we appreciate the pillars like him who keep our foundation strong. We value him for his dependability, reliability, and responsibility.

FUN FACT

Chris is fond of 'fly fishing' and enjoys playing guitar.

Start by doing what is necessary, then what is possible, and suddenly you are doing the impossible.

CHRIS LINDO

EMPLOYEE FEATURE

INTERNAL NEWS

Our team always keeps an upper hand in terms of latest trends and advancements.

We attended the recently held **IDS Toronto 2022** and apprised ourselves and the team with new product lines and the latest market trends.

Earth Day

Brenlo makes sustainable choices within the facility and makes our customers aware of our sustainable product offerings.

Brenlo Ltd is FSC Certified and takes several steps to contribute to our ecosystem.
